- ✓ Enhancements in new interface for B2B and B2C:
 - ✓ “Pick up sign” field for transfers
 - ✓ “Comments” section for transfers
 - ✓ “Show rooms” button for hotels
 - ✓ Possibility to download search results in PDF, Word, Excel
 - ✓ Improved look and feel of the chat
 - ✓ Tooltip informing on a supplier’s price
 - ✓ New filters for bookings
 - ✓ Search by a hotel’s name
 - ✓ Search and booking of flights using promo codes

Release 7.10: Highlights

ENHANCEMENTS IN EXISTING MODULES:

- ✓ **API:**
 - ✓ “Comments” section for transfers
 - ✓ Possibility to download search results for hotels, flights and transfers
 - ✓ New parameters in the request of GET /orders
 - ✓ New optional parameter “pickUpSign” for transfers
 - ✓ Search by a hotel’s name

ENHANCEMENTS IN EXISTING MODULES

B2B: LOYALTY MODULE

In Release 7.10 the emphasis was given to expanding the functionality of the loyalty module, which represents a system of points crediting for the purchase of services as well as using these points to make payments either in full or in part for further services.

Access:

✓ Contract - Loyalty

Loyalty points:

- ☐ Accumulate loyalty points for this booking on my account + 4
- ☒ Use my loyalty points for payment (total amount of loyalty points on your account is 61)

EUR = loyalty points

Please, note that it's possible to pay with loyalty points up to 50 % of your trip

Payment:

- ☐ Cash payment (EUR 23.62)
- ☐ PayPal (EUR 25.98)
- ☐ Deposit payment via deposit (EUR 23.62)
- ☒ Stripe - immediate payment (EUR 23.62)
- ☐ Bank transfer payment (EUR 23.62)

Description:

No description available

☐ I have read and accept [the cancellation terms and conditions](#), [tour operator conditions](#)

[Back](#)

Note: in order to connect this module, please contact GP technical support.

SELF-OPERATED INDIVIDUAL TRANSFERS: FIELDS FOR FULL NAMES FOR ALL PASSENGERS

Release 7.10 provides the opportunity to indicate full names of all passengers during the booking process of self-operated individual transfers.

Access:

- ✓ Booking of a self-operated individual transfer >> Step 3.2 - Passengers

[Step 3.1 - Offers](#)
[Step 3.2 - Passengers](#)
[Step 3.3 - Confirmation](#)

Transfer	Departure time	Language
Standart car (Standard) 	on request	Local

Passenger Information
Enter passenger name(s) exactly as they appear on the government issued identification card and child's date of birth.
International format

	First name *	Last name *	Citizenship *	Contact phone number	Pickup sign
Passenger #1	Mr. ▼ John	Smith	Monaco ▼	+123456789	Smiths
Passenger #2	Mrs ▼ Eliza	Smith	Monaco ▼		
Passenger #3	Mr. ▼ Fred	Smith	Monaco ▼		

NEW B2B: “PICK UP SIGN” FIELD FOR TRANSFERS

Starting with Release 7.10 for transfers it will be possible to add information for a pick up sign, if any.

Access:

- ✓ Booking and payment step

Passenger

Please write information in English

Adult 1

Salutation	First Name	Last Name	Phone
<input type="text" value="Mr"/>	<input type="text" value="John"/>	<input type="text" value="Smith"/>	<input type="text" value="+12-34-5678900"/>
Citizenship		Pickup sign	
<input type="text" value="Austria"/>		<input type="text" value="Mr Smith from Austria"/>	

NEW B2B: “COMMENTS” SECTION FOR TRANSFERS

In order to provide additional information for a transfer’s supplier, the section to leave a comment has been added to the booking page, by analogy with the current functionality for hotels.

Access:

- ✓ **Booking and payment step**

NEW B2B: POSSIBILITY TO DOWNLOAD SEARCH RESULTS IN PDF, WORD, EXCEL

Starting with Release 7.10, it is much more easier to compare selected hotel offers, which a user finds to be interesting. Newly added functionality generates a file compiling preferred offers in different formats such as PDF, Word and Excel.

Access:

✓ Search step

The screenshot displays the GP Solutions website interface for hotel searches. The top navigation bar includes links for HOME, HOTELS (active), FLIGHTS, ACTIVITIES, TRANSFERS, CARS, PACKAGES, VISA, and CONTACT US. Below the navigation bar, the breadcrumb trail shows 'Home > Hotels in Amsterdam, Netherlands'. The main heading indicates '7 Hotels in Amsterdam, Netherlands on August 29, Thu - August 31, Sat (2 Nights) for 2 Adults' with a 'Change search' link. A map of Amsterdam is visible on the left. The 'Filter By:' section on the left shows a price range from USD 235 to USD 787. The 'Sort Results: Price (low to high)' dropdown is set to 'Price (low to high)'. A red box highlights the 'Compare selected hotels (0)' button. The main content area displays a hotel listing for 'Amsterdam Hotel' with a 4-star rating, a photo of a hotel room, and a price starting from USD 235.68. Below the price, there are buttons for 'Book Now', 'Show Rooms', 'Select to compare', and 'Select to download'.

NEW B2B: IMPROVED LOOK AND FEEL OF THE CHAT

In new Release, attention has been also paid to making the chat look more appealing in terms of user-friendliness and usability.

Access:

- ✓ B2B's user account >> Bookings >> Separate reservation form

NEW B2B: TOOLTIP INFORMING ON A SUPPLIER'S PRICE

For better experience of working with offers for different products, a tooltip with a supplier's price has been implemented for tour operators of 1st and 2nd levels and travel agencies.

Access:

✓ Search step

The screenshot displays the GP Solutions website interface for hotel searches. The top navigation bar includes links for HOME, HOTELS (active), FLIGHTS, ACTIVITIES, TRANSFERS, CARS, PACKAGES, VISA, and CONTACT US. Below the navigation bar, the breadcrumb trail shows 'Home > Hotels in Adnet, Austria'. The main heading indicates '1 Hotel in Adnet, Austria on July 31, Wed - August 01, Thu (1 Night) for 1 Adult' with a 'Change search' link. A map of Austria is shown on the left, with a 'Filter By:' section below it. The 'Price' filter is set to a range from USD 53 to USD 54. The 'Test Hotel' is listed with a 4-star rating and a price of USD 53.25. A red box highlights the price area, showing a tooltip for the 'Supplier price: USD 50.71'. The 'Book Now' button is visible, along with links for 'Show Rooms', 'Select to compare', and 'Select to download'.

NEW B2B: NEW FILTERS FOR BOOKINGS

New filters for bookings have been added for such B2B users as tour operators of 1st and 2nd levels, travel agencies as well as corporate clients. Basically, the reservations can be filtered by date/time of booking, date/time of arrival, city, service name and tourist name.

Access:

- ✓ Account of a B2B user >> “Bookings” tab

All bookings ▼

Service name

City

Tourist name

Order number

Date/time of booking ▼

NEW B2B: SEARCH BY A HOTEL'S NAME

In Release 7.10 users will have a possibility to search offers for a specific hotel, yet with no indication of its city.

Access:

- ✓ Home page >> “Hotels” tab

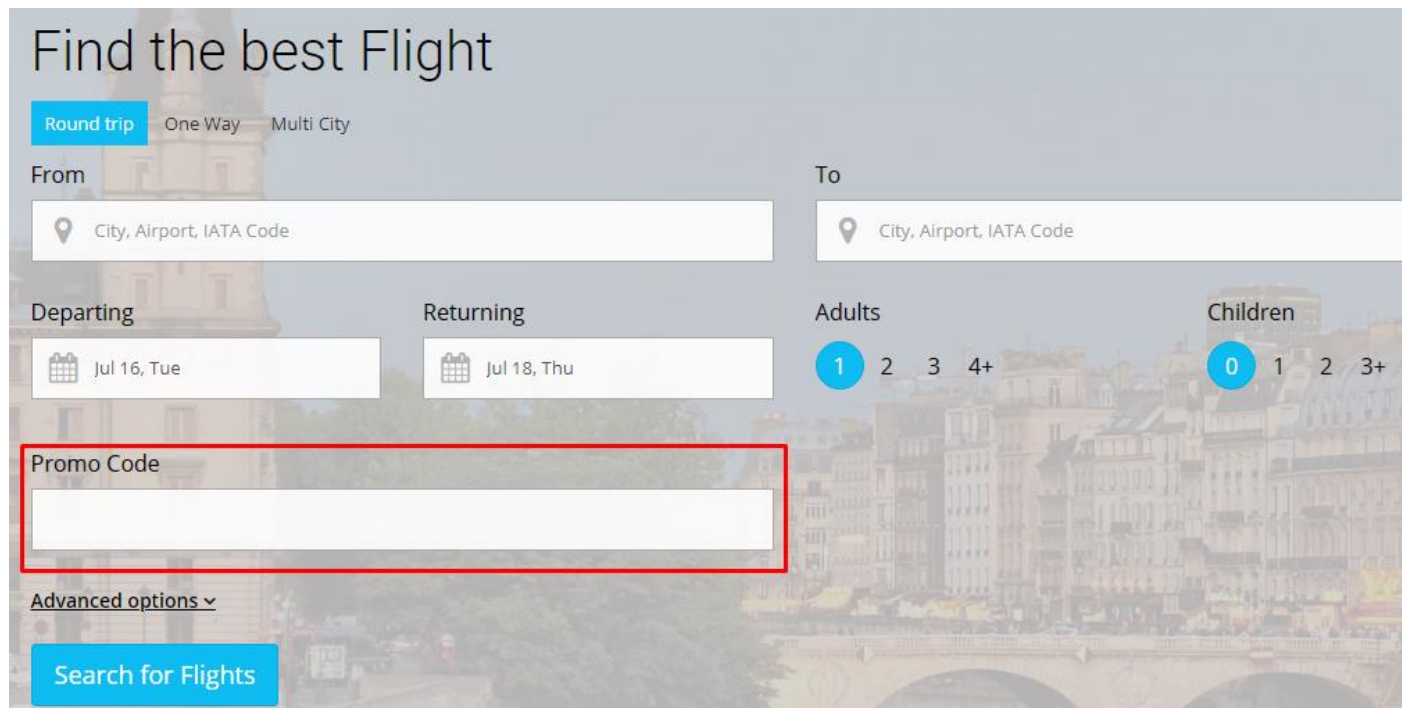

The screenshot shows the 'HOTELS' tab selected in the top navigation bar. Below the navigation bar, the heading 'Find the best Hotel' is displayed. Underneath, the text 'Choose destination' is followed by a search input field containing 'monmartre'. Below the input field, a dropdown menu shows 'Eden Monmartre, Paris, France'. Further down, there are three input fields: a date field for 'Jul 16, Tue', a date field for 'Jul 18, Thu', and a dropdown menu for the number of rooms, currently set to '1'. At the bottom, there are two sections for 'Adults' and 'Children'. The 'Adults' section has a circular button with '1' and options for '2', '3', and '4+'. The 'Children' section has a circular button with '0' and options for '1', '2', and '3+'.

NEW B2B: SEARCH AND BOOKING OF FLIGHTS USING PROMO CODES

Now it is possible to search and book flights using promo codes, by analogy with the current feature for hotels.

Access:

✓ Home page >> “Flights” tab

Search for Flights

API: "COMMENTS" SECTION FOR TRANSFERS

As part of the API-based system, new parameter has been added to allow users to leave comments for transfer, by analogy with the current functionality for hotels.

Access:

- ✓ API >> POST /prepareBookTransfer

Parameter	Value
body	<pre>{ "type": "airport", "flightNumber": "FR8475", "otherAirportCode": "LGW", "dateTime": "2019-07-29T08:00", }, "arrival": { "type": "address", "address": "Paris", "postalCode": "12345", "pickupSign": "Mrs Ivanova", "comments": "Delay is possible", "adjustedPriceAmount": 0, "orderId": 0, "offerKey": "", "personId": 0 }</pre>

Parameter content type:

API: POSSIBILITY TO DOWNLOAD SEARCH RESULTS FOR HOTELS, FLIGHTS AND TRANSFERS

Release 7.10 enables B2B users, namely tour operators of 1st and 2nd levels, travel agencies and corporate clients, to download hotel search results in PDF, Word and Excel, whereas flight and transfer search results in PDF format only.

Access:

- ✓ API >> GET /searchAccommodationResults (new method)
- ✓ API >> GET /searchFlightsResults (new method)
- ✓ API >> GET /searchTransfersResults (new method)

GET	/searchAccommodationResults	Get search accommodation results
Implementation Notes Gets search accommodation results		
Response Class Model Model Schema		
<pre>{ "pdfStream": "" }</pre>		
GET	/searchFlightsResults	Get search flights results
GET	/searchTransfersResults	Get search transfers results

API: NEW PARAMETERS IN THE REQUEST OF GET /ORDERS

In Release 7.10 the following parameters have been added to the GET /orders request:

- cityId - to retrieve the list of reservations for the indicated city.
- serviceName - to apply filter by service name.
- travelerName - to search by the guest's name in the reservation.

Access:

✓ API >> GET /orders

Parameters				
Parameter	Value	Description	Parameter Type	Data Type
clientId	<input type="text"/>	final service consumer	query	integer
orderId	<input type="text"/>	order number	query	integer
objectId	<input type="text"/>	id of order object	query	integer
orderType	TA ▼		query	string
supplierId	<input type="text"/>	to filter by supplier id	query	integer
cityId	<input type="text"/>	filter by city id	query	integer
serviceName	<input type="text"/>	filter by service name	query	string
travelerName	<input type="text"/>	filter by traveler name	query	string

API: NEW OPTIONAL PARAMETER “PICKUPSIGN” FOR SELF-OPERATED TRANSFERS

In Release 7.10 a new parameter “pickUpSign” has been added to the request POST /prepareBookTransfer. It can also be retrieved through GET /orders и GET /ordersB2C methods. This parameter is optional and has been provided for self-operated transfers, by analogy with the current B2B functionality.

Access:

- ✓ API >> POST /prepareBookTransfer
- ✓ API >> GET /orders
- ✓ API >> GET /ordersB2C

Parameters

Parameter	Value
body	<pre> { "prefix": "", "firstName": "", "lastName": "", "birthdate": "", "personId": 0, "type": "" }, { "time": "", "departure": "TransferLocation", "arrival": "TransferLocation", "pickupSign": "Ivanov", "comments": "", "adjustedPriceAmount": 0, "orderId": 0, "offerKey": "", "personId": 0 } </pre>

Parameter content type: application/json ▼

Response Body

```

{
  "travelerType": "default",
  "isChild": false,
  "citizenshipId": 19949,
  "citizenshipName": "Monaco",
  "prefix": "Mr",
  "name": [
    {
      "firstName": "John",
      "middleName": "",
      "lastName": "Smith",
      "sentToSupplier": true
    }
  ],
  "phone": "+123456789",
  "customFields": [],
  "passports": [],
  "bonusCards": [],
  "bookingAdditionalQuestions": [],
  "hidden": false,
  "pickUpSign": "Mr Smith from Monaco"
}

```

API: SEARCH BY A HOTEL'S NAME

To improve the usability of the system, a possibility to search by hotel's name without specifying the city has been implemented to API. A new method GET /suggestHotels with such parameters as pattern and locationId has been added in Release 7.10.

Access:

✓ API >> GET /suggestHotels (new method)

Accommodations		Show/Hide	List Operations	Expand Operations	Raw
GET	/suggestHotels	Get hotels suggestions			

Response Body

```
{
  "hotels": [
    {
      "id": 372661,
      "name": "Jardin De Paris Montmartre",
      "contentProviderId": 15,
      "location": {
        "cityId": 10785,
        "cityName": "Paris",
        "countryId": 10109,
        "countryName": "France"
      }
    }
  ],
}
```

Your opinion matters

Dear clients!

We hope that you will find these enhancements useful.

Send your questions, feedback and suggestions to our e-mail address **support@software.travel** with **“Release 7.10”** in the subject line.

Thank you for attention!
