## HOTELS: NEW PARAMETER “SEARCH&BOOK LANGUAGE”

In the new release, it became possible to display search results of hotels in the selected language, regardless of the user's language.

For this purpose “Search&Book language” filter has been added on the search form with variants of available languages.

**Access:**

- ✓ Home page>> Search form>> Additional search options

The screenshot shows the 'Hotels' search form. At the top, there are tabs for 'Hotels', a plus sign, a train icon, a bus icon, a car icon, and a 'More' button. Below the tabs is a 'Popular destinations' dropdown menu. Underneath is a 'City / region' text input field with a link 'select from the list' to its right. The 'Check in' date is set to '09.04.2019' and 'Nights' is set to '1'. The 'Check out' date is set to '10.04.2019'. The 'Rooms' dropdown is set to '1'. The 'Adults' dropdown is set to '2' and the 'Children' dropdown is set to '0'. Below these is a link 'Additional search options'. Under this link is a 'Hotel name' text input field. At the bottom, the 'Search&Book language' dropdown is highlighted with a red box; it shows 'English' selected, with 'English' and 'Russian' as options. At the very bottom are 'Search' and 'Reset' buttons.

## B2B: PICKUP SIGN AND CONTACT PHONE NUMBER FIELDS FOR TRANSFERS

In new release the Contact telephone number and Pickup sign fields were added to transfer booking form. Now, during booking of self operated transfer, the client will be able to specify his phone number and choose preferable pickup sign.

### Access:

## B2B: SENDING AND UPLOADING HOTELS OFFERS

In Release 7.8 it became possible to send offers search results of hotels via email or download them in Word format.

### Access:

- ✓ Search results of hotels - Send search results through email
- ✓ Search results of hotels - Save search results

The image shows two overlapping windows from a software application. The background window is titled 'Send e-mail' and contains fields for 'Template' (set to 'Hotel offers'), 'From' (set to 'ETO (test@gpsolutions.com)'), 'Recipient' (set to 'Other'), and 'Subject' (set to 'Hotel offers - Berlin, 07 May 2019 - 08 May 2019'). It also has fields for 'TO' (Nick Brown), 'CC', and 'BCC'. The 'Body' section includes a rich text editor with a toolbar and the text 'Greetings! We are sending hotel offers for you in Berlin on 07 May 2019 - 08 May 2019'. The foreground window is titled 'Save search results' and contains a note: 'Note that saving more than 30 offers to a PDF file can take long time. Also saving of more than 100 offers may. When after search more than 100 variants are returned it is better to save information by parts or chosen offers only.' Below the note are two radio buttons: 'Save selected offers' (selected) and 'Save all offers'. At the bottom are four buttons: 'Save as PDF', 'Save as Excel', 'Save as Word' (highlighted with a red rectangle), and 'Cancel'.

## B2B: SIGNATURE IN NOTIFICATIONS

Now GP Travel Enterprise allows users to send notifications with automatically formed signatures. A recipient will be aware of the name of the sender and his email, which can be used to contact him.

**Access:**
