

GP Travel Enterprise Release 8.0

Presentation

March 31, 2020

Release 8.0

Dear clients and partners!

We are happy to announce **Release 8.0** of GP Travel Enterprise that introduces a new look&feel for hotel search&book process as well as reservation and companies management, including all the necessary features for private clients and all company levels (tour operators, travel agencies and corporate clients). Additionally some enhancements in existing modules in b2b and API were done.

For scheduling the delivery dates please contact our support team.

Release 8.0: Highlights

EXTENDED CRM:

- ✓ Extended CRM in the Core of GP Travel Enterprise

NEW LOOK&FEEL FOR SEARCH&BOOK:

- ✓ New look&feel for search&book for hotel product
 - ✓ New design for search&book process for hotel
 - ✓ New view for order management
 - ✓ New design for account management
 - ✓ Mobile adaptive design for new version of the website for hotels

ENHANCEMENTS IN EXISTING MODULES:

- ✓ Self-operated transfers, car rent, excursions and events:
 - ✓ Configuration of photo gallery
- ✓ Self-operated transfers:
 - ✓ Configuration of extra services for self-operated transfers

Release 8.0: Highlights

ENHANCEMENTS IN EXISTING MODULES:

- ✓ Scheduler
 - ✓ Merge of transfer groups
- ✓ Dashboards
 - ✓ Sorting in dashboards by turnovers
- ✓ API:
 - ✓ Changes for method GET /orders (adding additional filters)
 - ✓ New methods for reports' generation in pdf and excel: GET/reportList, GET/reportParameters, POST/report
 - ✓ New method for orders downloading in excel: GET/downloadOrders
 - ✓ Changes in GET/hotelInfoDescription method for downloading and generation of link for hotel description.

1. EXTENDED CRM

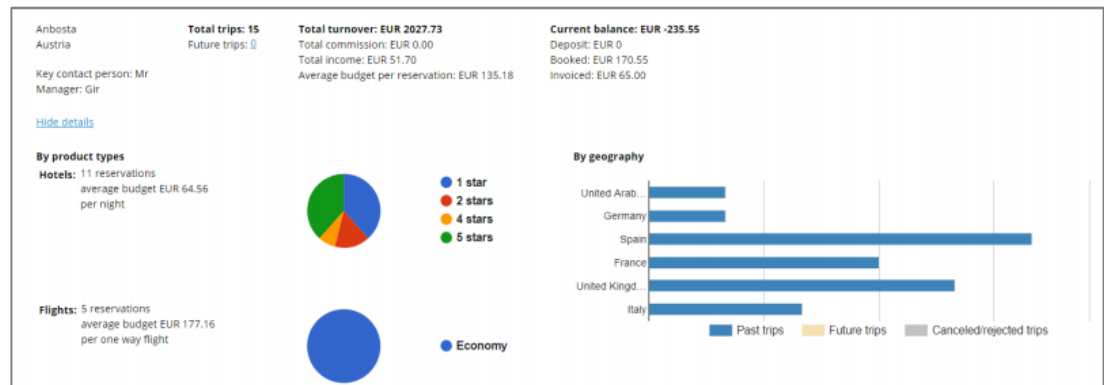

EXTENDED CRM

We have decided to include the Extended CRM module in the Core of GP Travel Enterprise and make it available to everyone starting from Release 8.0.

Using this, you will be able to perform a lot of tasks, for example:

- save a history of communication with customers (meetings, calls, etc.)
- see customer analytics
- keep track of potential customers and participation in tenders

Note: in order to connect this module, please contact GP technical support.

2. NEW LOOK&FEEL FOR SEARCH&BOOK

NEW VERSION OF THE WEBSITE FOR HOTELS: SEARCH&BOOK (SEARCH FORM)

New design for search form is introduced in Release 8.0 for the website.

The screenshot displays the GP Travel Enterprise website interface. At the top left is the GP Travel Enterprise logo. At the top right are links for LOG IN, USD, and ENG. The main visual is a large banner image of a tropical beach with palm trees and turquoise water. Overlaid on this banner is a search form with three input fields: a dropdown for 'Destination', a date range '03/26/2020 - 04/01/2020', and a text field for '1 room 2 guests'. A 'SEARCH' button is positioned to the right of these fields. Below the banner, a section titled 'Popular Destinations' features five small thumbnail images of various travel destinations: a city at night, a city skyline, a coastal town, a city at night, and the Brandenburg Gate.

Note: in order to connect new version of website or hotels, please contact GP technical support.

NEW VERSION OF THE WEBSITE FOR HOTELS: SEARCH&BOOK (SEARCH RESULTS)

New design for search results is introduced in Release 8.0 for website.

NEW VERSION OF THE WEBSITE FOR HOTELS: ORDER MANAGEMENT (FILTERS FOR LIST OF ORDERS)

Additional filters for the list of orders are introduced in Release 8.0 for website. Starting from Release 8.0 the user can apply *all bookings/future trips/past bookings, order number, service name, traveler name, destination* filters, as well as filters by dates. After applying selected filters, the user can see them as tags. When the user removes one of the tags, search results for orders are renewed automatically.
