On the search results of tours it is possible to choose alternative hotels in “Detailed Info” now. If on Back-Office in “Package tour” two or more hotels are added, they are displayed on the Website on the search results page as alternative hotels. As defaults the cheapest hotel is displayed in the results. Also all available room and meal types for hotels are displayed here.

The screenshot displays a travel package search results page. The top section features a 'Test Tour' card with a cityscape image, a price of €202.40 for 2 guests over 2 nights, and a 'BOOK' button. Below this, a list of services is shown for the dates 02 Mar to 04 Mar. A red box highlights the 'VIEW ALTERNATIVE HOTELS' link next to the 'Ibis vienna' hotel entry. An arrow points from this link to a detailed view of the hotel options on the right. This detailed view shows two hotel options: 'Ibis vienna' (Apartment) and 'NH Collection Wien Zentrum' (Hotel). Each option includes a room type ('Superior Double Room'), a price, and a 'View room offers' button. The 'Ibis vienna' option is marked as 'Enough Available Rooms' and includes breakfast and cancellation policy details.

Each tab contains fields for Title, First name, Last name, Passport number, and Expiry date.
